*" We have been coming to Dr. Karlin Orthodontics for several years now, as I have two kids in braces. My kids love Dr. Karlin. They get excited to enter the fun contests that he holds. The office staff is so nice and we always are able to get an appointment that meets our busy schedule. They are very flexible, and work with you on a payment plan to fit your family. It's been a great experience coming to Dr. Karlin Orthodontics. "*

*" Andres had a very visible under bite. Since Dr. Karlin started the treatment, we have felt taken care of all along (not only Andres, but the rest of the family too). Everybody at Dr. Karlin's office are highly knowledgeable and highly approachable, while being very professional as well as kind, fun and loving. Everything was explained, adjusted, supervised in such a way that Andres' under bite was soon gone, and the alignment of his teeth and bite were getting there week after week. The whole treatment went faster than projected with great results. Andres is happy his braces are off and is excited about wearing his retainer, following the Doctor's orders. We are so thankful and appreciative for all you did for Andres and his family! Thank you (with a big beautiful smile)! "*

" We chose Dr. Karlin after getting a consult from another Orthodontist. The other one was very pushy and expensive. We are so glad we came here instead. Our Pediatrician recommended Dr. Karlin and he is great. The office is very comfortable and we've had a positive experience through phase one of treatment. Highly recommend this office! "

" My 8 yr old son had to have a few issues adjusted by Dr. Karlin.....expand his jaw both forward and wider, then braces to straighten the teeth in his now wider mouth. The whole office was amazing and a joy to work with. They made an uncomfortable situation for my son much more pleasant! When we had issues with pain or equipment problems, the whole office was very helpful, prompt, understanding, and kind. We will be back for this son or for my other two if need be in the future! Thank you, Dr. Karlin and staff! "

*" We have been extremely pleased with Dr. Karlin and his staff. He took us on mid braces for our daughter and stayed right in stride to a beautiful smile. He worked wonderfully with our son to get him straightened around. But the best part has been all the Bronco football discussions Dr Karlin and I have had. I really enjoy them, thank you! Everyone on staff is so easy to work with and so friendly. Couldn't be happier with the whole experience. Alisa W "*

" Dr. Karlin was great! Unfortunately, this was my son's second round of braces. Our insurance company only pays for one round, but Dr. Karlin worked something out for us that was affordable. He's great with kids, puts them at ease, and makes visits fun. "

" What a Smile! :) We could not be more pleased! Our journey with Dr. Karlin came just after moving to the area. We felt comfortable with Dr. Karlin and his staff. Over the next two years, we were always welcome with a hello and smile. Dr. Karlin and his staff always took the time to explain what was happening with the teeth and what they were trying to do for the next four weeks. We felt like part of your family! Thank you very much. Jean and Synnöve Herrin "
