" We decided to use Dr. Karlin after several referrals from our neighbors. We were looking for a good orthodontist and a competitive cost for treatment. We found both at your practice. I appreciated also the availability to repair broken brackets quickly. The practice was able to schedule emergency appointments within a day. Made a huge difference. He looks great! Thank you! "

" My son interviewed 4 orthodontists in the highlands ranch and Littleton areas , he chose doctor karlin and staff to be his orthodontist for a two year treatment plan. Dr. Karlin was not only one of the fairest in cost, but had the best plan and target for treatment plan and stuck to the final game plan. The staff is friendly to parents and clients as well as having fun contests of all sorts throughout the year. Dr. Tyler Karlin has the best approach and relationship with clients and just loves our kids. Best choice ever !! We will miss him. "

" We have been so impressed with Dr. Karlin and the rest of the staff. We've always been treated well, and the results have been wonderful. Instead of rushing to pull out many of my sons teeth, Dr. Karlin took the time to let things happen naturally. It made a big difference for us. Brennan's smile is perfect! "
